PRESIDENT'S SECRETARIAT

New Delhi, the 3rd October, 1960.

No. 56-Pres./60.—The President is pleased to award the President's Police and Fire Services Medal for gallantry to the undermentioned officer of the Madhya Pradesh Police:—

Name and Rank of the Officer

Shri Basant Prasad Dube,
Sub-Inspector of Police,
Chhatarpur District,
Madhya Pradesh.

Statement of services for which the Decoration has been awarded.

On receipt of information on 30th May, 1960, of the presence of the gang of the notorious dacoit Chali Raja in the forest near village Bhorkhehan, Sub-Inspector Basant Prasad Dube, Station Officer of Kishangarh Police Station, District Chhatarpur, rushed to the village with a force of 2 Head Constables and 11 Constables. Reaching the village late in the evening, the Sub-Inspector collected information about the whereabouts of the gang. He then divided his force into three parties and despatched them with instructions to ambush all the tracks along which the gang was likely to pass. One party with a local guide went upon one side of the river Shiamri where the dacoits were said to have been in the morning. Sub-Inspector Dube with a Head Constable and three Constables went with another guide to the other side of the river to a point where he surmised the gang might have crossed over.

As the Sub-Inspector with his small force was approaching the spot he heard a rustling sound in the jungle on which the force immediately took position. The rustling stopped for some time, and the Sub-Inspector crept forward to find out what had happened. He saw the dacoits moving away and challenged them on which the gang opened fire. The police party returned the fire. Sub-Inspector Dube received a bullet in the right arm but continued firing and saw two of the dacoits stagger into the jungle after being hit. Though his arm was smashed just below the shoulder, he did not indicate to his men that he had been wounded

but exhorted them to hold their positions. When the firing ceased, he re-formed his men into a defensive position as there was the possibility of the gang returning and trying to exterminate the small police party. At dawn, despite his severe injury, he took up the pursuit of the gang for a while and confirmed from blood trails, abandoned weapons and equipment that two of the dacoits had been wounded,

Sub-Inspector Dube was taken to hospital at Chhatarpur where his right arm had to be amputated. The injuries inflicted on Chali Raja and the other dacoit eventually led to the capture and extermination of the gang on 8th June, 1960.

In this encounter Sub-Inspector Basant Prasad Dube, exhibited exceptional courage and devotion to duty of a very high order at great personal risk.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the President's Police and Fire Services Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

No. 57-Pres./60.—The President is pleased to award the Police Medal for gallantry to the undermentioned officer of the Madhya Pradesh Police:—

Name and Rank of the Officer

Shri Bal Bahadur.
Constable 595.

3rd Battalion, Special Armed Force, Guna.

Statement of services for which the Decoration has been awarded.

On the 9th May 1960 at about 1730 hours when a section of the Special Armed Force consisting of 1 Head Constable and 8 Constables was approaching village Kethon they heard cries from the villagers that a dacoity was being committed. The Police party was then informed that the gang of the notorious dacoit Lakan Singh was in the village and was looting the inhabitants. Head Constable Min Bahadur, in charge of the police party, immediately prepared to attack the gang although his small force of 9 men was insufficient to deal with the biggest gang of dacoits in

the area. He divided the force into two parties, one of which he led himself, and directed the other party to approach the village from another direction.

When the second party entered the village, the dacoits who were about 20 in number and were armed with rifles and sten-guns, opened fire from their position of vantage. Despite this, Constable Bal Bahadur, who was leading the party succeeded in bringing his men up close to the dacoits. The dacoits were, however, able to fire on the advancing police party and Shri Bal Bahadur was hit. The bullet passed through his left arm and then injured the jaw of the constable behind him. Undaunted by this injury Shri Bal Bahadur crawled forward and placing his rifle in the crook of his arm, shot dead the dacoit-leader Jwala at close range. Jwala was considered one of the most dangerous dacoits in Madhya Pradesh and carried a reward of Rs. 5000/- on his head.

In this bold and successful operation, Shri Bal Bahadur displayed conspicuous gallantry, presence of mind and devotion to duty of a very high order.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

No. 58-Pres./60.—The President is pleased to award the Police Medal for gallantry to Shri Sangey Tsering, Assistant Sub-Inspector of Police, Assam.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to the officers of and below the rank of Inspector of Police as provided in rule 5.

(Department of Iron and Steel)

PUBLIC NOTICE

New Delhi, the 4th October 1960

SUBJECT:—Policy regarding licensing of Import of Iron & Steel—Part I of ITG Schedule (Items licensed by the Steel Import Control, Calcutta)—Instructions regarding distribution & prices of imported Iron & Steel.

No. SC(B)-4(486)/60.—In supersession of all previous notifications on the subject noted above, the Government of India is pleased to notify as hereunder:—

I. Import Licensing Policy.

Licences for import of Iron & Steel as per schedule attached will be granted, subject to the Licensing policy notified from time to time.

2. Applications should be made in the prescribed form and manner along with Treasury receipt for the requisite licence fee to the Iron & Steel Controller, 83, Netaji Subhas Road, Calcutta, Dy. Iron & Steel Controller, Bombay/Assistant Iron & Steel Controller, Madras, Officer on Special Duty, Ministry of Steel, Mines & Fuel (Department of Iron & Steel), Udyog Bhavan, Moulana Azad Road, New Delhi, as the case may be. It is emphasised that all the information in the prescribed form should be accurately furnished; In particular the Registration Number allotted to the Applicant's Income-tax Verification Certificate or Exemption therefrom should be indicated. Failure to furnish all the requisite information at the time of applying will render the application liable to be rejected.

3. While making applications, actual consumers shall have to give an undertaking that the materials will not be resold on arrival. If on arrival, the imported steel is found either surplus or unsuitable to the requirements of the consumers for any reasons, the particulars of such materials should be reported to the Iron & Steel Controller with the reasons therefor and the materials shall only be sold in the manner & at the rates specified by the Iron & Steel Controller.

4. Commercial importers shall have to give an undertaking to sell the materials imported by them in accordance with the instructions of the Iron & Steel Controller.

II. Distribution of Imported Iron & Steel other than Scrap.

All Iron & Steel imported against Licences other than "actual users licence" will remain frozen, for release by the Iron & Steel Controller, Calcutta, usually for a period of ninety days from the date on which the report of landing of the goods is received by the Iron & Steel Controller, Calcutta, or Dy. Iron & Steel Controller, Bombay/Assistant Iron & Steel Controller, Madras, according to the Port of landing. The duration of the freezing order may be extended by the Iron & Steel Controller, if necessary. The Iron & Steel Controller may also notify from time to time, taking into account the indigenous production, imported stocks in the country and requirements of essential consumers, which of the categories covered by the Iron & Steel (Control of Production & Distribution) Order, 1956, should be exempted from the operation of the freezing order.

2. In respect of those categories of steel which the Iron & Steel Controller considers necessary to freeze for release to essential consumers, he shall issue an order to this effect at the time of issue of Customs Clearance Permit. Such materials shall remain frozen for a period of 90 days or more from the date on which the report of landing of the goods is received by the Iron & Steel Controller, Calcutta or the Dy. Iron & Steel Controller, Bombay/Assistant Iron & Steel Controller, Madras, according to the port of landing. Such reports should be made by the importers by Registered post or by messenger and a dated acknowledgement obtained. Materials will be released by the Iron & Steel Controller within the said period either at Indian Controlled rates, the importer being subsidised from the Iron & Steel Equalisation Fund or at the prices not exceeding those fixed by him vide Part III of this Public Notice.

3. The Iron & Steel Controller will direct the allottees of imported steel to pay for the materials within twentyone days from the date of issue of Release Orders.

4. If the allottees to whom the materials are released that to cash the permits within the validity period, the commercial importers shall immediately report the fact to the Iron & Steel Controller by Registered post or messenger. Materials should not be sold against time expired permits without prior consent of the Iron & Steel Controller. On the expiry of the period of freezing the commercial importers will be free to dispose of any tonnage not covered by Release Orders of the Iron & Steel Controller or not lifted by the allottees within the validity period but at prices not exceeding those fixed by him *vide* part III of this Public Notice.

5. The Iron & Steel Controller will publish weekly statements in the Indian Trade Journal showing the following details of all arrivals of iron & steel, on commercial account indicating those that are frozen by him:

1. Numbers & dates of the Customs Clearance Permits;
2. Categories & quantities of iron & steel involved;
3. Import Licence numbers & dates;
4. Names & full addresses of the importers; and
5. CIF value per ton.

6. Consumers of imported materials should contact the importers direct and purchase their requirements at prices not exceeding those fixed by the Iron & Steel Controller.

7. Consumers requiring frozen materials should approach the Iron & Steel Controller for issue of permits.

III. Price of Imported Steel.

(A) Unless directed otherwise by the Iron & Steel Controller, the prices of imported Iron & Steel materials shall be fixed on the basis of landed cost plus remuneration thereon, as follows:—

- (a) In respect of Iron & Steel materials imported against Govt. Bulk contracts, Govt. may fix Importer's remuneration from time to time.
- (b) In respect of steel imported against competitive tenders, no separate remuneration, as such, will be payable & the Importer shall strictly observe the terms of sale & price as stipulated in the Acceptance of Tender.
- (c) In other cases the scales of remuneration will be as follows.

| | |
|------------------------------|--------|
| (i) For ex. jetty delivery | .. 4% |
| (ii) For ex. godown delivery | .. 7½% |

(B) The Iron & Steel Controller may, from time to time with the approval of the Govt. of India, exempt any particular lot of steel from the price control mentioned above and declare special prices for the same.

(C) The landed cost will comprise of the following:—

- (i) C.I.F. cost of the materials, i.e. invoice value comprising of the cost of the materials delivered at the port of shipment, Ocean freight & insurance, including War Risk Insurance, if any;
- (ii) Customs Duty, if leviable;
- (iii) Stevedoring charges, actually incurred;
- (iv) Landing & clearing charges at the following flat rates:—
Calcutta—Rs. 16 per ton.
Madras—Rs. 12 per ton.
Other Ports—Rs. 11 per ton.

The above flat rates will include all expenses incidental to clearance of Iron & Steel other than (a) Heavy lift charges, (b) Stevedoring charges, (c) Customs Duty, if leviable and (d) Port Dump charges where actually incurred.

- (v) Transport charges from Jetty to the Importer's godown at the following flat rates—
(a) Rs. 7.50 per ton for distances upto and inclusive of 10 miles;
(b) Rs. 12.50 per ton for distances above 10 miles and upto and inclusive of 20 miles; and
(c) Rs. 15.00 per ton for distances more than 20 miles.

The above transport charges are not applicable in the case of ex-jetty deliveries or in the case of despatch of materials by rail from the Port Siding.

N.B. (i) If, under special circumstances, steel materials are imported in heavy lifts, the actual heavy lift charges incurred at the port of landing may be included in the landed cost of such materials;

(ii) Bank charges for opening Letters of Credit or Bank Interest charges will not be taken into account in determining the landed cost of the material;

(iii) Sales tax, Sown Duty, Octroi or any other Central or State taxes levied on steel entering Importer's godown and similar Taxes incurred in the process of delivery of Imported steel materials ex-jetty or ex-Importer's godown to the customers shall be borne by the latter (i.e. by the customers).

(D) If under special circumstances over which the Importers have no control, it becomes necessary to remove Iron & Steel materials to Port Trust or Port Commissioners' Dumps, the Importers may recover from their customers the charges actually paid by them to the Port Trust or Port Commissioners by way of such removal or dumping.

(E) (i) In cases where the importer undertakes delivery of the materials to the Consignee's yard from jetty or from his godown by road, he may claim transport charges at the following flat rates:—

- (a) Rs. 7.50 per ton for distances upto and inclusive of 10 miles;
- (b) Rs. 12.50 per ton for distances above 10 miles and upto and inclusive of 20 miles;
- (c) Rs. 15.00 per ton for distances more than 20 miles.

(ii) In cases where the Importers' godown has no siding facilities—Public or private, or in cases where consignments being less than a wagon load cannot be booked from the siding, the importer may claim Booking and forwarding charges at the flat rate of Rs. 7.50 per ton for transport and other charges of the materials from his godown to the nearest Railway Station or Public Siding for despatch by Rail.

(F) In the case of imports against Iron & Steel Controller's Acceptance of Tender etc., on subsidy/surcharge terms (i) the Importers should sell the Iron & Steel materials at such statutory rates as are fixed by the Iron & Steel Controller from time to time and the difference between the prices of the materials as per terms of the Acceptance of Tender and the selling prices shall be paid to or recovered from the Iron & Steel Equalisation Fund, as the case may be;

(ii) In such cases Rail/Road/Steamer Transport charges incurred for delivery of the materials to the consignees will be reimbursed by the Iron & Steel Controller to the Importers in the following manner;

- (a) Railway/Steamer freight will be reimbursed on the basis of actuals;
- (b) Road Transport charges in respect of deliveries by Road will be reimbursed at the flat rates as per item E (i) above;

(iii) In respect of supply against Iron & Steel Controller's As/T on 'Ex-jetty' terms of supply, if the Iron & Steel materials have been removed to Importer's godown with the approval of Iron & Steel Controller, not due to the fault of the importer or the allottee, a sum of Rs. 10/- per ton shall be paid at a flat rate towards, godown rent and other charges, i.e. unloading, carting, stacking, re-loading the materials into wagons, lorries etc. for D.I.F. steel and 2 per cent c.i.f. for non-D.I.F. steel wherever considered necessary by Iron and Steel Controller.

If the removal is necessitated by any fault of the importer, no such charges are admissible and, if it is due to the fault of the allottee, the same are to be borne by him;

(iv) Booking and forwarding charges are to be reimbursed to the Importers for supplies to controlled stockists and Re-rollers at the rate and as per conditions mentioned in item E (ii) provided material is removed to Importer's godown with prior approval of the Iron & Steel Controller;

(G) So far as the supply of imported Iron & Steel at subsidised rates is concerned, the Importers should submit their claim on this account to the Iron & Steel Controller with supporting vouchers, whenever necessary, for reimbursement;

(H) In respect of supply of subsidised steel sheets imported on 'Gross for net' weight basis the Importers should charge consignee other than stockists on the basis of Gross weight and the stockists on the basis of net weight and in both cases they will get subsidy by calculating the landed cost of the material on the basis of 'Gross Weight'.

(I) In so far as the supply of subsidised imported Bars & Rods 1/2" and above, Plates, Rails, Structural, etc. are concerned, unless otherwise advised in writing by the Iron & Steel Controller, parties other than stockists should be billed by Importers on the basis of actual weight if these materials are charged by the overseas suppliers on the basis of *actual weight*. Stockists should, however, be charged on the basis of *Sectional Weight*, unless otherwise advised by the Iron & Steel Controller in writing.

The cost of difference between actual weight and sectional weight, if any, is adjustable with the Iron & Steel Equalisation Fund in such cases.

(J) In respect of iron & steel imported on Commercial account, while issuing Customs Clearance Permits, the Iron & Steel Controller shall, in addition to indicating the C.I.F. price of the materials, issue an order to the effect that the importer shall sell the materials at prices fixed as per this Public Notice and that mention should be made of the number and date of the said order in every Cash Memo or other documents evidencing the sale or disposal of the materials in question. It shall be the responsibility of the Commercial Importer to satisfy the buyer that the price(s) charged by him is/are in accordance with these rules.

(K) When imported steel is sold by any one other than an importer, the price recovered by him from the customers shall not exceed Rs. 25/- (Rupees twentyfive only) per ton over the ex-godown price of the importer for that particular lot of steel. In his Cash Memo or Bill or other documents evidencing sale, the dealer shall quote the Importer's Cash Memo or Bill or other documents relating to that particular lot of steel, for purposes of cross checking. It shall be the responsibility of the seller to satisfy the buyer that the price charged by him is in accordance with this notice. In case of deliveries effected at places other than the place of import, the seller may also claim from the buyer the actual Railway Freight incurred by him.

Description

Part and S. No. of I.T.C. Schedule

PART I

15. Angles including Bulb Angles, Channels including Gate Channels, Tees, Beams or Joists, Girders, Zeds Throughs, Pilings and other sections and shapes.

16A. Bars, Rounds, Squares, Hexagons, etc. but excluding Bright M.S. and Free Cutting Quality (High Sulphur and/or Landloy) Bars, Rounds, Rods, Squares, Hexagons, Octagons and Flats and other Sections including Steel Shaftings (Reeled), Bright drawn, turned and polished Bars.

16B. Alloy, Tool or special steel rods or bars of the following categories (excluding precision ground and polished bars, bright drawn bars, blue reeled bars and silver steel finished bars).

- I. High Speed steel—steel containing more than 13 per cent. tungsten.
- II. Stainless and heat resisting Steel—steel containing more than 11 per cent. chromium.
- III. Other alloys—steel containing any of the following and not included in categories (I) and (II) above:—0.40 per cent. or more of chromium, nickel 0.10 per cent. or more of molybdenum, tungsten or vanadium or 10.00 per cent. or more of manganese.
- IV. Spring Steel.

18. I. Cast Iron Plates.

- II. Iron or Steel plates ($\frac{1}{8}$ inch or over in thickness) unfabricated, whether coated or uncoated, including medium, tread, sole tin mill black plates.

19. Steel Ingots and Iron or steel Semis including Blooms, Billets, Slabs, Tin Bars, Sheet Bars and Sleeper Bars (excluding sizes less than 1.1/2 inches).

21. (i) Steel Tinplates and Terne Planes, both primes and secondaries, including tinned sheets, waste wasters, cobbles, strips and circles; and cuttings thereof and tin-plate scrap.

(ii) Tin Taggers.

23. I. Iron or Steel Hoops (for jute, cotton and coir baling).

II. Iron and Steel Hoops or strips not otherwise specified including box strapping.

26. I. Iron or Steel Sheets (less than 3 mm or 1/8 inch in thickness) hot or cold rolled, tinmill black, galvanised (Plain or corrugated), including lead coated stainless steel and collecte sheets.

II. High Silicon Electrical Steel Sheets including laminations, stampings and punchings.

27. I. Iron or steel rails, all sorts for Railways and Tramways, including points, switches, crossings, turn-outs and bends.

II. The following rail or Tramway Track components, namely: Iron or Steel Sleepers (including Cast Iron Sleepers) Fish-plates, Fish Bolts & Nuts, Dog Spikes, Screw Spikes and other Spikes, not otherwise specified, bearing plates, gibs, coppers, rail clips, keys including taper stretchers and Tie Bars.

30. I. Mild Steel Wire in coils, not otherwise specified, Plain, hard drawn, bright, black, galvanised, coppered or tin coated but excluding uncoated electrodes.

II. High Carbon, Spring Steel, and Alloy Steel Wire and Signal Wire.

31. Shell Steel

39. Steel Die Blocks.

40. Unmachined Wrought Iron Steel Forgings.

40A. Iron or Steel Old Defectives, cuttings, rejects and re-melting and re-rollable scrap, other than tinplate waste, tinplate cobbles and tinplate scrap and wire shorts. Industrial Scrap:

- (1) Old Spindles (not reconditionable: points flattened and Wharves Broken).
- (2) Old Files (not reconditionable and in broken condition).
- (3) Old Springs.
- (4) Old Railway Axles and broken Steel Wheels and Tyres.
- (5) Tinmill Blackplate/Rejects/waste waste.
- (6) Sheet cuttings (Plain).
 - (a) Galvanised.
 - (b) Black.
 - (c) P.C.R.C.A.
 - (d) C.R.C.A.
- (7) Circles.
- (8) Sheet Defectives (Plain).
 - (a) Galvanised.
 - (b) Black.
 - (c) P.C.R.C.A.
 - (d) C.R.C.A.
- (9) Sheet Defectives (Corr.) Galvanised.
- (10) Plate Cuttings.
- (11) Plate Defectives.
- (12) Springs Steel Bar-ends.
- (13) Wire Shorts and Rods Galvd. M.S.
- (14) Wire Shorts and Rods Black and Bright.
- (15) Wire Shorts and Rods High Tensile.
- (16) Wire Shorts and Rods Copper coated.
- (17) Defective Structural (Angles, Joists, Channels, Tees, etc.).
- (18) Re-rollable Scrap.
 - (a) Billets Ends, Cuttings.
 - (b) Bar Ends, Bar Cuttings and Defectives.
 - (c) Rod Cobbles.

55. Steel Earth Wire (Single ply).

57. Iron or Steel Wheels Tyres, Axles (with or without Axles-boxes or bearings) and axle boxes required for wagons and carriages of Railways and Tramways.

59. Pig Iron.
